

DEPARTMENT OF THE NAVY SBIR/STTR PROGRAMS

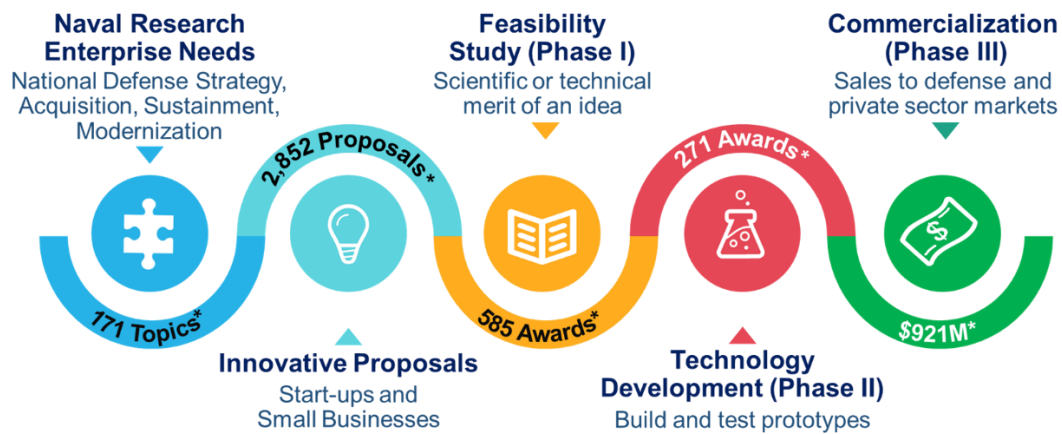

The Department of the Navy Small Business Innovation Research and Small Business Technology Transfer Programs (DON SBIR/STTR) provide opportunities for domestic small businesses and start-ups to deliver solutions to meet naval needs through Federal Research/Research and Development (R/R&D).

These competitive, three phase, awards-based programs advance innovations with an aim toward transitioning the resulting technologies to the Force/Fleet and commercialization in private markets.

“The small business-partner experience is a priority. Be a partner in maintaining our decisive edge.”

Robert L. Smith, DON SBIR/STTR Program Director
