

# DEPARTMENT OF THE NAVY SBIR/STTR PROGRAMS

*“The small business-partner experience is a priority. Be a partner in maintaining our decisive edge.”*

Robert L. Smith, DON SBIR/STTR Program Director

## The SBIR/STTR Path to Commercialization

### WHAT WE DO

The Department of the Navy (DON) SBIR/STTR programs provide opportunities for domestic small businesses and start-ups to deliver solutions to meet naval needs through Federal Research/Research and Development (R/R&D). These competitive, three phase, awards-based programs advance innovations with an aim toward transitioning the resulting technologies to the Force/Fleet and commercialization in private markets.
